[CHUNK: MISSION_VISION_VALUES]

Mission, Vision & Values

Vision: To be a globally accredited human resource centre of excellence catalyzing sustainable livelihoods in less developed markets across the globe.

Mission: To provide young people — especially from rural, underprivileged, and marginalized communities — with high-quality vocational education, industry-relevant skill training, recognized certifications, and pathways to meaningful employment and entrepreneurship in the organized sector.

Core Values:

- Integrity and ethical conduct
- Commitment to quality training and measurable outcomes
- Inclusivity: Women, SC/ST, school dropouts, differently-abled
- Innovation in pedagogy: production and action-based learning
- Accountability to government, industry, trainees, and communities
- Sustainability and long-term community development
